

## COMMUNITY RELATIONS

PROJECT EDUCATION

COMMUNITY OUTREACH

**P**roject success can often be determined by the community in which it takes place. Delays and stoppages add unexpected costs and time to your project. MBI's goal is to help you avoid the pitfalls of a poorly informed community by offering the correct information in exciting ways that encourage support for your project. We will help you eliminate delays by:

- **Engaging Government & Industry Groups**
- **Planning & Facilitating Meetings**
- **Maintaining Stakeholder Database**
- **Utilizing Social Media for Project Awareness**
- **Creating Presentations to Highlight Project Benefits & Preventing Misinformation**

**MBI Media team members...**  
standing in the gap for your project.
