CLAIMS AND RISK MANAGEMENT HISTORICAL ARCHIVING

Tracking a project from beginning to end is a massive and time consuming undertaking. MBI can help reduce the time, claims, and risks associated with your project. Our in-house asset management library maintains all your documentation imagery in one centralized location that can be accessed with ease. We can make your project progress trackable through:

- **Photography & Videography**
 - **Pre-Condition Survey**
 - **Photojournalistic Documentation**
 - **Time-lapse**
 - **Aerials**
 - **24-7 Access to Web-Based Archival Library**
- **Photo & Video for Claims & Risks Management**
- **Web Design & Administration**
- **Safety Training**

MBI Media produces stunning imagery...
for both historical documentation and effective marketing.
